About the Forum

This is an International Summit about Greece in New York organized in cooperation with the New York Stock Exchange and major global investment banks. The Forum will feature government and business leaders from Greece, Europe and the United States, and top executives from the investment, financial and business communities. The timing for this Forum is optimal. After years of recession, Greece is slowly returning to a period of economic growth and aims to position itself as an attractive investment and business destination. December marks the 20 year milestone of Capital Link's commitment to raising awareness about Greece as an investment destination, to a wider investor universe.
